

PRESS RELEASE

For more information contact Linda Jones

For immediate release on March 26, 2020

Wayne County Schools continue to provide long distance instruction, along with a variety of services for students and families during this extended school closure

Parents can expect their child's teacher or other school staff to be contacting them on a regular basis. The purpose of these contacts is to ensure students have the resources they need to successfully complete their assignments. Please feel free to contact the school or their teacher, whenever a student has a question or needs assistance in any way.

The Healthy Kids Clinic will continue to be providing services during the upcoming spring break from 8:00 a.m. to 3:00 p.m.

Almost a thousand young people are receiving meals on weekdays at the pick-up station at the Wayne County Middle School or along bus routes where food is being delivered to homes. Buses will not be running next week, during spring break, however, the meal pick-up station at the Wayne County Middle School will remain open at lunchtime.
